

How to add DEL tokens to Mist (Official Ethereum Wallet)

1. Select “Contracts” from the tabs at the top of the screen
2. Scroll to the bottom and click “Watch Token”
3. For Network Address, enter the token contract address:
0x02B9806a64cB05F02AA8dcc1C178b88159A61304

4. Double check the address after cut & pasting to make sure it matches the address above.
5. Mist should auto-populate the rest of the data, but if it does not, enter the following values:
Token Name: **Delphi**
Token Symbol: **DEL**
Decimal Places of Smallest Unit: **18**
6. You should now be able to view your DEL token balances from the Account(s) that received them, or from the Custom Tokens section under the Contracts tab by clicking the new Delphi entry.
